[More about Expert Journal of Business and Management](#)

Our Main Scope

At Expert Journal of Business and Management, we welcome your relevant and original scholarly article that focus on aspects of business and management, to be published in open access. We support the publication of valuable articles that reflect thought-provoking and insightful business research.

By publishing your original theoretical or empirical academic articles, we want to promote Authors who make a genuinely valuable contribution to the current topics in business, who develop new ideas in this field, and who can shed light on particular management activities in companies from all around the world.

As an Author, we want to invite you to [submit your academic article](#) that examines essential issues in business and management.

Our Target Audience

Since 2013, the articles we've been publishing have provided insights to practitioners (CEOs, boards of directors, industry consultants, strategic executives, and managers) and scholars (academics,

researchers, lecturers, students) interested in business management articles from around the world.

Type of Articles We Publish

Submitted papers should cover theoretical or empirical research meant to provide relevant and current perspectives of the practice and development of management and have significant implications for business practice and research. We seek to publish a wide range of research from Authors that can offer interesting understanding of business topics, issues and applications from all around the world.

Nonetheless, Expert Journal of Business and Management also publishes research articles, empirical studies, case studies, research notes, simulations, teaching notes, and book reviews.

To enrich business knowledge available in open access, one of the main issues we focus on is high-quality articles. We examine high-quality articles in terms of relevancy, value, originality, argumentation, reasoning, and analysis, through a very rigorous double-peer review.

For an ethical and fair-dealing practice of academic article publication, we expect our Authors to submit papers that represent original works, have not been already published either partially or entirely, and are not be under consideration for publication elsewhere. Expert Journal of Business and Management is published by Sprint Investify.
